

DIY Synth Workshop

SYNTHPLEX®

Date: Saturday, October 29, 2022

Time: 9:00AM - 12:00PM

Facilitator: Jim Swanson

Location: Conference Room# 123 in Hotel near East Tower Elevators

DELPTRONICS

WiiChuck Module Kit:

The Delptronics WiiChuck Eurorack Module is a Nintendo® Nunchuck controller to CV interface and with the WiiChuck joystick you can control various modular parameters with just one hand. The WiiChuck Eurorack module gives you four CV outputs from the joystick and accelerometer, And two trigger outputs, from the buttons. This DIY kit/ class will include the Eurorack module in kit form plus the Nintendo Nunchuck controller. Jim Swanson will guide you in building this module from start to finish. Everything is included, including all the soldering gear and instruction.
